Final Canvassing for Support

Street:

Boundary Area: From:

To:

The City of San Antonio is conducting a survey to determine the level of support for speed hump installation on the street adjacent to your address. One of the speed humps and signs may be located next to your residence; therefore, we are asking for your comments. Speed humps are an effective and appropriate treatment for safely reducing speeds on certain types of streets when installed according to the *Speed Hump Installation Policy*.

As per the *Speed Hump Installation Policy*, we are seeking to determine if a minimum of two-thirds of the households on the street support the installation of speed humps. Please indicate your preference on the appropriate space below.

A. Evidence of Support

Please check only ONE box. Checking both boxes will be assumed as opposition to speed humps on your street.

* Please note that your opposition to speed humps does not apply to the installation of an advance speed hump warning sign at your residence.
